

Mentee/Mentor Parent Consent Form

Dear Parent/Guardian,

'Merging NepSocs' is a campaign to bring together all the undergraduates, postgraduates and young professionals from the Nepalese diaspora in the UK. Through our action-based professional and academic Nepalese network we aspire to offer social mobility – helping Nepalese communities in the UK move up the social ladder. Mentoring scheme is one of our major projects which aims to provide guidance for young people to help them reach their full potential. Your son/daughter has applied to join the mentoring programme and before they are accepted we would like your consent for their involvement.

Name of Child:

Does your child suffer from any medical condition/allergies that the program/mentor should be

aware of:

.....

.....

I as a Parent/Guardian understand the nature of the mentoring scheme and hereby give permission to take part in all relevant activities.

Signed (Parent or Guardian)
